But they are green and nice in summer. On Saturdays and Sundays there are a lot of people and cars in the streets. The people of our town and from the countries around try to do shopping.

We can see a lot of people in the parks in our town. In spring and summer there are a lot of grannies and little children in our "Children Park." Grannies usually sit or walk. And their grandchildren like to play balls, ride small cars, run and jump. This park is the best place for our children.

In summer when it's hot people like to go to the river. It is not very long and wide, but it's warm and clean. There is a bridge across the river. Next to the river there is a large field. In summer it is yellow and beautiful.

Some houses in our town are big and tall. But there are small houses too. They have got small gardens with trees and flowers.

There are six schools in our town. My friend and me go to school number six. We are good friends and good pupils. In winter we like to skate and ski. We like our school and our town.
